

END OF TERM REPORT SUMMER 2017. NAME OF STUDENT: WILF AIR. YEAR: 3

SUBJECT	EXPECTED GRADE	ACTUAL GRADE	COMMENTS
MATHS	A	C	Wilf really needs to do his homework to make sure that the sums I give him add up correctly. He needs to look at his coursework and revise to help him in this endeavour. Mr L Division
COMMUNICATION	A	E	Unfortunately, what started off as a promising year has tailed off to a bit of a shambles. Wilf has lots of ideas about how to put across the information they want to share, but struggles to make them come together and make sense to the audience. I also find that Wilf says he has not said things he has and has said things he has not! I would like to see more effort next year to be clear and speak the same language as the audience, once Wilf have engaged with them of course! Miss Clam
ECONOMICS	A	C	Mr A has a rudimentary understanding of short-term economics but has a long way to go to gain a command of long-term and historical patterns of short-term gains causing long-term pains! Mrs Cash
CITIZENSHIP & EQUALITY	A	C	Wilf has made some progress with this subject, however more does need to be done to demonstrate his knowledge, cement his commitment and translate it into action. Keep going! Mr Smith
SOCIAL STUDIES	B	F	Wilf has sadly been lacking in his understanding of how his attitude in economics has affected his social studies work. Unless this changes, he is unlikely to achieve his target next year. Mrs Blake
LAW	B	F	Unfortunately, this is Wilf's weakest subject. He refuses to accept the importance of legislation, the protections it offers and the impact of not working within the law on the individuals it protects. Must do better. I would like Wilf to attend extra lessons next term and make use of the support available in school. Miss Justice
HEAD OF YEAR COMMENTS:	Unfortunately, what seemed to be a promising year for Wilf has been a bit of a let-down. His grades in Communication, Economics and Maths as well as his fundamental lack of willingness to engage in his Law class mean that he is not achieving his potential. With the help of his classmates and support and guidance from staff, he is well able to improve and I hope for an improvement in attitude to learning next term. Mrs Masters		
HEADTEACHER COMMENTS:	Can and must do better to avoid exclusion. Mr Stern
